

BRIEF INFORMATION

TOOLS - DIAGNOSTIC EQUIPMENT

TIMING LIGHT ANALISER MOTOR TESTER

TIMING LIGHT/ANALYSER - Advance Function

Technical data

Description: Timing Light/Analyser for all 4,5,6 and 8-cylinder engines with stroboscope, dwell-angle meter, rev counter, voltmeter with voltage tester (0-16V) and variable timing advance function (0-40°). Enables adjustment timing whilst simultaneously measuring the engine speed. Features corrosion and impact resistant housing, inductive clamp and large digital LCD display. Suitable for 12V DC electrical systems with standard or transistorised ignition.

Rated voltage:	12V DC
Voltage:	0-16 DC
Timing:	Ignition timing and advance function with variable advance of 0-40°.
Dwell:	0°-90°
RPM:	200-1000
Part number:	8PD-004837-021
Short code:	7021

Spare Parts

9.7023.01	Xenon flash tube
9.7022.02	Inductive clamp

MOTOR TESTING INSTRUMENT SET

Technical data

Description:	This Motor Testing Instrument Set allows the amateur mechanic to carry out almost all major tests on 12V DC electrical systems.
Contents:	7023 - 12V DC Timing Light 7025 - 12V DC Pocket Motor Tester 7026 - Compression Tester 7029 - Push-in Adaptor
Part Number:	8PD-004837-027
Short Code:	7027

POCKET MOTOR TESTER

Technical data

Description:	Pocket Motor Tester for 4, 6 and 8 cylinder engines. Compact design for easy storage. Suitable for 12V DC electrical systems.	
Rated Voltage:	12V DC	
Test Range:	Voltage	0-16V DC
	Current	0-60A
	Resistance	0-20kOhm
Dwell:	30° - 90° 20° - 60°	
RPM:	High	10-6000
	Low	0-1600
Power Supply	1.5V AA Penlight Battery (not included)	
Part Number:	8PD-004837-025	
Short Code:	7025	

PROFI MOTOR TESTER

Technical data

Description:	Motor Tester with dwell-angle meter and rev-counter, voltmeter, ammeter, ohmmeter and contact-breaker-points display (12V). Impact and corrosion resistant housing. Suitable for 12V DC electrical systems.	
Rated Voltage:	12V DC	
Test Range:	Voltage	0-20V DC
	Current	0-10A, with extra resistor 0-100A
	Resistance	0-200 Ohm, 0-20kOhm
Dwell:	0° - 90°	
RPM:	0-6000	
Power Supply	1.5V AA Penlight Battery (not included)	
Part Number:	8PD-004837-024	
Short Code:	7024
